**Third video:**

00:41:54: By the age of 13, 14, and 15, God gave you something. God gave you something very important, and that is balls. And with those balls, as soon as your balls dropped in, you gained testosterone. Testosterone is a very beautiful fucking drug. It is so beautiful and so soulful that people even buy it and inject themselves of extra testosterone in order to achieve peak male performance. We have been given testosterone for free, just by being of the male species.

01:00:03: If like, your girlfriend, at a current moment, is posting pictures of her online for other dudes' spectators, you are a cock and you need to dump her immediately. Leave her, leave her. If your girlfriend has a boy best friend, leave her, leave her. Why does your girl need a boy best friend? Why? The whole point of you being a boyfriend is because you are the boy friend. For therefore, you should satisfy all her masculine boyfriend needs, she shouldn't have to seek for others, true folks.

01:09:30: As a man, press 1 if you agree, spam 'true' if you agree, as man, we have put on this earth to protect the females and the children of this planet. We, as men, must protect, our children and our females. That's right, I said our females. If you like it or not, women, we must protect you, even if you don't want it, that's how junior men. And nobody should take away from us. Even if you don't want protecting. We'll protect you from all evil. 'Cause at the end of the day, women say "I'm an independent woman, I'm an independent woman". Well mate, when there's a fucking fire, right, and firemen come to save you, and a man comes to save you, let's see how fucking independent you are then. True or false?

02:11:50: "You became an incel" (reading a comment). Incel, that's what that means, ok... ok, let me just break this down, very simple for your stupid fucking liberal minds. Ok. Ok here we go. Alright, me, Greekgodx, ok. Me, Greekgodx, if I want woman, in my life, consensually on and with her consent, in my life, ok, I would be working, ok? She would be cooking and she would be cleaning, ok? My life, my rules. She can come and go, whenever she likes. If she doesn't like those rules, leave. But I know many women, who would love to have easy fucking lives cooking and cleaning and having a few children in there, while I'll make all the money and the hard work. And many many many women who would like that life, ok? That doesn't make me an incel.
