- (1) If Qs. 903, 905 and/or 906 do not apply to the local context, replace the question using a specific local misconception. At least two questions related to misconceptions are needed.
- (2) The question may be considered for deletion in countries with a very low HIV prevalence.
- (3) Year of fieldwork is assumed to be 2010. For fieldwork in 2011 or 2012, the year should be 2009 and 2010, respectively.
- (4) Coding categories to be developed locally and revised based on the pretest; however, the broad categories must be maintained.
- (5) In polygynous societies, the phrase 'other women' should be replaced by the phrase 'women other than his wives.'
