## The strongest points of our company

**Full service** - from basic engineering to turn key plants

**Small and medium-sized company** - Flexible & Dynamic

**Renowned** - for specific projects

**Provide services in all industrial sectors such as :**

Quarries - Cement industry - Sugar industry - Electrical power plants –  
Glass industry - Chemical industry - Mining industry

**Works with the most important international companies :**

**Asahimas (AGC)** - **Bauxites de Guinée** – **CNIM** - **Gdf Suez (Electrabel, Tractebel)**  
**Heidelbergcement (CBR, Cimescaut, Lemay)** - **Holcim Group (Holcim, Geocycle)** – **Ipalle**  
**Italcementi Group (CCB, Ciments Calcia)** - **Lhoist Group** - **Metso** – **Rosier**  
**Siam City Cement Company** - **Solvay** - **Südzucker (Raffinerie Tirllemontoire, Biowanze)**

## EUREMI S.A. GENERAL CONTRACTOR

### Engineering

Process development  
Basic engineering  
Detail engineering  
Engineering consultancy  
Technical support  
(Engineering and site supervision)  
Applications expertise

### Bulk products continuous handling

Belt - chain - screw conveyors - extractors - elevators  
Loading and unloading facilities for trucks - wagons - boats  
Stocking and reclaiming systems

### Processing units (bulk products)

Crushing - screening - washing  
Weighing - dosing  
Drying  
Dust removal  
Water treatment

### Alternative fuels

Solid, sludge and liquid alternative fuel production plants  
Reception, handling, stocking dosing and blending...  
Fluff, animal meal, plastics, impregnated sawdust...  
Full & shredded tyres  
Alternative fuels injection facilities in cement kilns

### Specific equipments

Specific devices  
Liquid/solid products mixtures  
Pumping & pipes  
Ex facilities
