65 - Ellen von Unwerth, *Brad Pitt*, 2007

63 - Vera Friederich, 1993

66 - Amanda de Cadenet, *Keanu Reeves*, 2009

CITATIONS DE PHOTOGRAPHES À PROPOS DE LEUR TRAVAIL :

16 – Cassia Tabatini, *The Nude Project, Milo*, 2011

Extrait de la présentation du livre par Pablo Leon « Many of the men photographed are homosexual. For most of them to pose naked in front of a woman allows them to do it without sexual desire, something which probably would not be possible in front of an attractive male photographer. This might allow for the model to drop the guard, and to allow himself to be photographed not as a sexual object, but as he is. But if desire disappears, then it's substituted for a greater awareness of one's self » - Source :

centrefortheaestheticrevolution.blogspot.com/2011/07/cassias-boys-cassia-tabatinis-nude.html

21 – Aurore Dal Mas, *Don't love me, I'm your toy*, 2014

Elle photographie des inconnus qui restent anonymes, qui ne la voient pas et qui doivent être au minimum torse nu. C'est un travail conceptuel sur la difficulté d'entrer en contact et sur l'injonction à se définir comme objet de désir dans le regard de l'autre. Source <http://www.auroredalmas.com/dontloveme.html>

26 – Molly Matalon, *When a Man loves a Woman*, 2020

« Examines delicate aspects of masculinity and desire, by showing men from a woman's vantage point. Matalon says that she is "interested in masculinity, and the small box

that men are given to perform in." Her male nudes reveal the vulnerability and gentleness of her subjects, and bring out a different side of typical male representation. The book presents a series of portraits of men (both friends and strangers) »

40 – Harley Wier

« "It's hard to know what you fully desire as a woman when almost everything sexual you have seen was made by a man. I always wanted to make the kind of things that I found sexy so I could feel that desire was mine too », a conversation with IDEA's David Owen. <https://www.anothermag.com/art-photography/12160/the-best-photo-stories-of-2019-its-called-ffasiwn-roses-nick-knight-harley-weir>

42 - Sophie Ebrard, *It's just love*, 2015

Ma démarche ne consistait pas à faire un reportage sur le milieu du porno, mais de révéler la beauté, même là où on ne l'attend pas. (...) Il m'arrive de laisser les parties génitales visibles, mais c'est plus pour le fun. Je pense à la photo où un acteur tient son sexe dans sa main. Celui-ci est tellement gigantesque qu'on a l'impression qu'il tient une baguette. Il y a aussi cette photo où une actrice s'apprête à sucer deux mecs. On ne voit que le bout de leur sexe. Je ne voulais pas que ma série soit porno, mais plutôt esthétique et drôle.
